

HAWKER  PACIFIC
AIRCRAFT CHARTER

Premier 1A

Hawker Pacific Aircraft Charter is excited to announce the arrival of a brand new Premier 1A to our charter fleet.

The Premier 1A is ideally suited for executive charters (up to 1400nm), and can operate into many small airfields not available to other aircraft of similar size. It is **one of the fastest small jets around** saving you both valuable time and money. "The ideal intercity commuter!"

Boasting the largest cabin and true jet speed, the advanced Beechcraft Premier 1A offers more passenger comfort and great performance. With a luxury stand-up cabin, 32% larger than other jets in this category, and state of the art avionics, the Premier 1A represents great charter value. Providing amenities you would expect from a larger corporate jet - including lavatory, galley and surprisingly large baggage capacity. The Premier 1A is the perfect aircraft for business travel within Australia.

1

The ideal mid size, "stand up" cabin jet charter option. More comfort, more luggage, more space.

- This elegant jet operates with two crew
- Leather interior plus galley facilities
- 6 passengers plus toilet
- Twin Rolls Royce/Williams jet engines
- Air-conditioned - two zone climate control
- Pressurised for over weather passenger comfort
- Extremely generous luggage capacity
- Based in Sydney
- This aircraft is NOT subject to Airport Curfew restrictions - *fly 24hrs a day!*

➤ Introducing the Premier 1A

Spacious and Luxurious interior.

» Cabin Layout

Interior Dimensions

Cabin Height Max.	1.65m
Cabin Width Max.	1.68m
Basic Operating Weight	8,500lbs
Baggage Volume	2.18 cu.m / 340kgs

2

Air conditioned and pressurised for passenger comfort...

OWN THE SKY: The Premier 1A has Rolls Royce/Williams engines that can climb 41,000 feet in just 17 minutes so you can enjoy the most direct routes above the weather for your long hauls and short hops.

CABIN: This "stand-up" cabin boasts 1.65 metres of headroom with a cabin width of 1.68 metres.

QUIET: The 'noise footprint' of this aircraft is low, which allows it to fly at any time of the day or night without curfew restrictions, making it even more convenient!

COCKPIT: Advanced Collins ProLine 21 Avionics plus IFIS for electronic maps and weather option to the crew.

The ideal jet charter option.

- 6 passengers plus a toilet - with solid closing door (not curtain)
- Air conditioned and pressurised for passenger comfort
- Range: 1400 nautical miles
- Cruising speed: 451 knots / 835 km/h
- Travelling in the Premier 1A is like having your own executive suite at 41,000 ft

HAWKER  PACIFIC
AIRCRAFT CHARTER
